

To Berean Prison Ministry Chaplain

First and Formost I would like to thank you guys for this oppatunity for this wonderful Bible Study. Yes I use it As a reference After you guys grade it and send them back to me. I appreciate you taking the time out to write Comments on my answers I really want to thank you for Correcting my Grammer I take my incorect Spelling and Grammer and make me a spelling B out of it and write the words over and over again then give my self a Grammer Test. I've tryed to get a dictuwarly in here but Polk County Jail doest have any. That would help me with Spelling pernancing words and INcrease of my VOCabulary, and Meaning of a word. So I'm really Blessed that you are helping me with my problem. I really enjoy my Bible Study and I look forward to getting my next lessons as I send the completed lesson to you. This is something I put into my daily ~~rote~~ routine. When I get my Grade on my test I go over it and reread and study the lesson again. Some times I get a question wrong due to mis understanding a question. This is why I've been using both KJV & NIV Bibles to help me understand better. Thanks again for your support and the blessing of your time to help ~~me~~ me with everything and May God Bless You and Every man & Women who is locked ^{since early}
