Some ministry updates and prayer requests:
Please pray for brother Doczy, it is likely to be operated his ear. He suffers for some time past.

This month I managed to get to the city Țândărei and I spent a few blessed hours with Baboi family. I took four boxes of Bibles. I can tell you that they are a model family in everything they do to the glory of God. Thank you for your prayers. Your support is not in vain. Brother Baboi weekly meets 90 inmates in five units where he access. It is a grace that possibility. Praise God!

In Baia Mare one of the inmates expressed his wish that after release wants to join our ministry. This inmate particularly has a good reputation before the education office also. I pray for this man.

In MCIuc things were going well. The support of education office is invaluable. We invited this month also a good Christian brother to attend our activity. The link between church and prison ministry is important. He had a great contribution to our programme.

Gypsy brothers have a great joy that they completed the stairwell project. Pastor John is on the picture. Now they started to install the chapel's floor. This project also is very important. Recently they gathered for an all night prayer

meeting and they prayed for you too that may God reward you for the kindness you support them. Here is a picture about this event. An other picture about a home church of gypsies in one of a nearby village.
