

January 2021

Dear brothers,

This month we have to share sad news from the Gypsy Church. A Gypsy neighborhood in MCIuc burned down. Almost 250 people were left homeless. Among them were several members of the church. The city was granted temporary shelter. They are going to rebuild their homes as soon as the weather gets warmer. In these trials, Lord Jesus showed his love through innumerable help from the community. „When thou walkest through the fire, thou shalt not be burned” Is.43,2 came true, no one was hurt.

Pastor John was constantly among them, he handled the situation exceptionally. It is a very sad situation, but also full of hope. The media deals a lot with their situation. The municipality is trying to find an exceptional alternative. The Romanian and the Hungarian governments have promised help.

Here is an article about their situation at the moment, you can read it with the

help of google translate. Please pray for them.

Regarding the online prison ministry, everything is going well. We enjoy this opportunity, we can spread the gospel among the inmates.

With love in Christ,

*Kövendi*
